FLORIDA'S FATE.

The Fate of the Missing Steamer "State
of Florida" No Longer a
Mystery.

The Steamer Collides With a Bark and
Her Passengers Go Down
to Death.

The Condensed Record of a Day's
Events in the Busy World
About Us.

News From the Florida.

FARTHER POINT, Quebec, May 7.—The
steamship Titania, from Glasgow, passed
inward this morning. She has on board
twenty-four of the crew of the steamship
State of Florida, that vessel having been
sunk by a collision with a bark in mid
ocean. Out of 137 persons on board the
State of Florida, only forty-four were
saved, and of the bark's crew only the
captain and two men were rescued. A
hundred and twenty-three souls went
down with the steamer and twelve with
the bark, making a total loss of 135. The
survivors will probably be landed at
Quebec.

It is thought possible that the remain-
ing twenty of the crew of the Florida not
picked up by the Titania were the ones
on board the vessel signaled by the City
of Rome. Farther Point is 300 miles
from Quebec, and it is doubtful if full
particulars can be learned until a late
hour to-night.

sane asylum as at first intended. Sheriff
Scheifer will to-day turn over to him the
\$1,095 he lost some time ago. Dupont
is a farmer in St. Joe township.

very drunk last night and was sleeping
at the north side depot when Officer
Braund captured him. Henry's nose was
badly bruised in a collision with the
sidewalk.

George Miller was found in a lumber
yard by Officer Lee last night. He was
greatly enraged at the officer's intrusion,
but the little spree cost him \$12.75, not-
withstanding he tried to explain it was

Indianapolis Journal: "The Wabash
railroad has been assessed the modest
sum of \$30,000 by the Allen county
ditch commissioners for the draining of
the big swamp along the line between
Roanoke and Fort Wayne. The com-
pany will object to paying it."

The indications for the lower lake re-
gion as reported for THE SENTINEL by
the weather bureau at Washington are as
follows: Cloudy, weather and rain, vari-
able winds, shifting to northwesterly,
stationary temperature, followed by
clearing weather on Thursday.

Yesterday an attempt was made by two
prisoners confined in the Indianapolis
police station to burn the building. They
set fire to a bed tick, filled with straw,
but the screams of a prisoner soon
brought help, and the flames were extin-
guished before much damage was done.

Negotiations are said to be pending
for the consolidation of the St. Louis
and San Francisco and the Atchison,
Topeka and Santa Fe railroads. Should
this be accomplished, it will include the
ownership of the Atlantic and Pacific
road, with 674 miles of completed track,
giving the consolidation an aggregate of
over 5,000 miles.

The distance from Toledo to St. Louis
is about 435 miles, and the railway pos-
tal boys who, by the new rule, have to
make the run through and return are
rapidly losing flesh. The regulations
specify that the clerks shall work three
days and lay off four, but for those whose
home is in this city the plan is reversed,
and they are on the road four days and
lay off but three. This is the longest
run in the railway mail service, and con-
sequently the hardest, and it is only a
question of time how long this state of
things will last.

publicans were elected because of fac-
tional fights between the local democracy.

The saloons were all closed and it is a
deep mystery where James got his liquor.

gineer, an intelligent, industrious gentle-
man and a life-long resident of Fort
Wayne.

A few evenings ago cows broke into
the yard about Col. R. S. Robertson's
house and destroyed \$50 worth of flow-
ers and shrubbery. Colonel Robertson
urges Councilman Mohr to call up his
cow ordinance again. Mr. Mohr may
comply.

Jerome G. Gloyd announces himself
as a democratic candidate for county
commissioner from the second district.
Mr. Gloyd at present represents that dis-
trict in the office and is a clever, hono-
rable, intelligent gentleman. With his
colleague, Mr. Hartman, Mr. Gloyd has
considerably reduced the expenses of the
county and made for himself a splendid
record.

A Pennsylvania official states that the
absorption of the Pittsburg, Fort Wayne
& Chicago road by the Pennsylvania
people is substantially an accomplished
fact, and that the program is all ar-
ranged to gather it and make it the
western division of the Pennsylvania
proper, then double-track it from Pitts-
burg to Chicago, an improvement which
can be made at one-half the expense that
it could have been made when agitated
five years ago, so great has been the re-
duction in steel rails and railway sup-
plies.

At the election yesterday, five demo-
cratic councilmen and four republicans
were elected. Hon. Charles McCulloch
and Dietrich Meyer, staunch democrats,
were elected water works trustees and
marshals. In the First ward, John Ken-
nall was elected over two democrats,
J. B. Manning and Henry Pranger.
John Mohr, jr., was elected in the Sec-
ond and A. Wolf in the Third ward.
Both are democrats. In the Fourth
ward, George Ely, a republican, got four
majority. In the Fifth ward, Herman
Michele, a canal republican, was elected.
In the Sixth ward, Edward Lincoln was
elected. In the Seventh, Eighth and
Ninth wards, Peter Shiel, John W. Vor-
dermark and J. R. Prentiss, all demo-
crats, were elected.

Palpitation or rapid beating of the
heart followed by periods of complete
cessation, is caused chiefly by nervous-
ness and bad blood. If the disease is
neglected it is liable to result seriously,
especially at a time of sudden excite-
ment. Purify the blood, strengthen the
muscular and nervous system, governing
the heart, by using Dr. Guyot's Yellow

be rid of every trace of the affection.

ADVICE TO MOTHERS.—Mrs. Winslow's
Soothing Syrup should always be used
when children are cutting teeth. It re-
lieves the little sufferers at once; it pro-
duces natural, quiet sleep by relieving the
child from pain, and the little cherub
awakes as "bright as a button." It is
very pleasant to taste. It soothes the
child, softens the gums, allays all pain
relieves wind, regulates the bowels, and
is the best known remedy for diarrhoea,
whether arising from teething or other
causes. Twenty-five cents a bottle.

LOCAL NEWS.

See Ward's silverware.
It is time to make preparations for Decoration Day.

"How can Mrs. Smith wear such a handsome velvet coat." My dear child, don't you know her husband used to pay all his money to doctors, but since he took to using Dr. Bull's Cough Syrup he gives it all to her to spend.

Spotters, it is said, have been working on the Fort Wayne, Muncie and Louisville road. Up to the present time but one conductor has been dropped.

Gilt Edge Butter.—Keep your cows in a sound and healthy condition by the use of Day's Horse and Cattle Powder. The flow of milk will be increased from 10 to 20 per cent. Don't take our word for it, but try it for yourself; 25 cents per package of one pound.

The rain prevented a base ball game this afternoon. If the weather was pleasant the management of the home club could make money this season. They have a splendid club now.

Mr. John H. Francis, 68 Maiden Lane, New York, sole agent for Orrick's Celebrated Vermifuge, the best of its kind in the market, says: "that in his experience of over twenty years, he has never sold anything with such invariably good results as St. Jacobs Oil, the great pain-cure."

The Wabash has taken off its famous Cannon Ball train, much to the surprise of competitors, who looked upon this train as their most formidable rival.

All of Dr. Price's preparations are reliable and unequalled in purity and strength. Dr. Price's Cream Baking powder and special flavoring extracts have gained a reputation for excellence that no article of their kind have ever yet acquired. The most careful physicians and chemists use them in their own families.

Charley Lape, of Danville, Ill., was in the city last night, the guest of his friend, P. J. Fallon.

Many of the bitters and quack nostrums of the day are also advertised for consumption on the plan that the only thing that the stuff would cure is the avaricious, ignoble greed of the proprietor. Don't be deceived. The best remedy for strengthening the lungs, soothing all irritation, and stopping the cough, is Dr. Wistar's Balsam of wild cherry. It has cured many cases where physicians had given up hope.

Capt. Henry McKinnie went to New York last night where he will be joined by Mrs. McKinnie, who is much improved in health.

Jennie Praeger, residing at the corner of Commerce street and Congrove avenue, New Haven, Conn., owes her life to a timely use of Athlophoros. Her letter reads: "I cannot thank you enough for the benefit derived from Athlophoros. Had rheumatism in every joint, and pain beyond description. Our physician's remedies were vain. Against his wish I tried Athlophoros. After two doses I felt a sense of relief through my system. Two bottles removed all pain and swelling. I am well, and have not felt a symptom of the terrible disease in four months. My friends were all surprised at the wonderful cure."

For Sale.
Saloon and fixtures; everything new and fresh stock; rent low, and plenty of room for family in same building. Will give good reasons for selling. For particulars call on F. Hake, Fort Wayne, or address A. H. Dolin, Cherubusco, Ind.

The great want of the operative world is a new law.

Concentrate Vitality.

All excitants, to radically cure, must be innocent. The art consists in continuing their use until matters in the system contrary to health are removed. Health finds happiness in the mere sense of existence.

Brandreth's Pills stimulate the blood so as to enable nature to throw off all morbid humors, and cure disease, no matter by what name it may be called. The secret of recruiting the vital principle is discovered in Brandreth's Pills, because they remove what holds it in check. It is believed that they possess the elements of vitality. Heat, healthy animal warmth, is certainly increased by the use of this wonderful medicine. Provided the great organs are not irreparably injured, there is no disease Brandreth's Pills will not cure. The true art of healing is to assist nature to throw off disease—to concentrate, as it were, the whole vitality of the system to eject the enemy that has fastened on a part.

Get Brandreth's Pills! Be put off with none other, and follow the printed directions and health will surely bless you.

Send money by American Express company money orders. Receipts given. Money refunded if orders are lost. Sold at all offices of the company. Payable at 5,000 places. Rates: To \$5-50; \$10-50; \$20-100; \$40-150; \$50-200.

Morsford's Acid Phosphate. Beware of imitations.

Imitations and counterfeits have again appeared. Be sure that the word "Morsford's" is on the wrapper. None are genuine without it.

French Canadians are coming to the United States at the rate of 150 a day.

Insurance.
Insurance is a good thing whether applied to life or property. No less a blessing is anything that insures good health. Kidney-Wort does this. It is nature's great remedy. It is a mild but efficient cathartic, and acting at the same time on the liver, kidneys and bowels, it relieves all these organs and enables them to perform their duties perfectly. It has wonderful power. See advertisement.

Better three hours too soon than one minute late.—Shakespeare.

I have used Ely's cream balm for catarrh and cold in the head. It is a first rate preparation; would recommend it to anyone affected.—R. W. Cheever, editor Herald, Clinton, Wis.

I had catarrh in its worst form. One bottle of Ely's cream balm stopped droppings into my throat, pain and soreness in my head and deafness.—Mrs. J. D. Hagadon, Union, N. Y.

My son aged nine years, was afflicted with catarrh; the use of Ely's cream balm effected a complete cure.—W. E. Hamman, Easton, Pa.

A paper chimney fifty feet high has lately been put up at Breslau.

50 Fits in 24 Hours.

"I employed some of the best physicians here," wrote Wm. E. Tanner, of Dayton, Ohio. "They all said my child could not live for three weeks. It had 50 fits in 24 hours. We gave it Samarian Nerve and the medicine effected a permanent cure." Druggists.

Toilet SETS.

On any of the above lines of goods we believe we are not undersold by any house in America, and we have taken great pains to ascertain all we could of prices in our line in the larger cities, where competition would likely be the closest.

In visiting the large furniture establishments, of Chicago, Cincinnati and New York, we have for instance, frequently found a number of bed room sets in stock exactly the same that we, ourselves had.

It is a significant fact that with one single exception we have never found a single set marked at as low figures as they were marked in our own establishment.

In many instances the prices were from one-quarter to one-third more.
